## WHAT COULD WE CALL THIS HOME BUT EXQUISITE?

This is a home that celebrates that heady feeling of success. Slim towers rise in a graceful semi-arc up into the skies. On one side is the beautiful Hoodi Lake. While on the other, is the chrome and glass of multinational offices. On the ground floor are landscaped gardens, an outdoor swimming pool, clubhouse, health club and more.

IT TRULY FEELS GREAT TO LIVE ABOVE IT ALL – AND TO HAVE THE WORLD AT YOUR FEET!

## EXQUISITE ON THE OUTSIDE. AND INSIDE AS WELL.

Only a select few would be privileged to call these exquisite apartments, home. 4 sleek 21 storey towers rise in an arc overlooking Hoodi Lake. Within are 3 & 4 bedroom, expansive homes ranging from 1815 to 2860 square feet, thoughtfully designed with every luxury you could possibly want. Take a look at the finer details: the extra-high ceilings, hand-picked marble, the glass on the balconies, and many more.

## AMENITIES: A WORLD APART

We have thoughtfully added everything you could possibly need within the community:
